

# Team Alberta Summer Program 2019

## California Tour -Hale Tournament LA area

Alberta Water Polo Association is excited to release details about the 2019 Team Alberta program. With an eventful summer ahead, this document contains important announcements for the summer such as the coaching staff, athlete lists, travel dates, June training details, and fundraising initiatives. The teams will be scrimmaging and attending the John Hale tournament.

Alberta Water Polo uses this summer program to not only help train your athletes to be better players, but also to provide them an experience that simulates a Water Polo Canada age group team. Our hope is that from this experience they will be prepared to potentially participate in a WPC age group team in the future and be better able to overcome some of the obstacles that athletes might have joining these teams. Team work in and out of the water, being away from home, traveling far distances, relying on teammates are all important learning experiences on this trip. We are excited to have parents come and cheer, but we ask that they not stay in the same location. Similar to a WPC age group program we will try to have some brief time after the games for parents to see their athletes. In addition to this we will try to have an opportunity for parents to join us during a planned activity.

## Coaching Staff

With a diverse group of coaches making up the 2019 staff, this summer athletes will have the opportunity to work with coaches from around the province. With three Alberta clubs represented on the coaching team, the 2019 coaches have former Senior National Team, Age Group National Team coach, NCAA, and NCL experience. The Team Alberta coaches are eager to work with all summer program athletes.

<b>Men Coaches</b>	Mathieu Constantin	Chris Toy
	Scott Robinson	
<b>Program Coordinator/ Chaperone</b>	Raine Paul	Donna Reade

## Legacy/Regional Training Centre/ WPC Age Group Teams

We would like to congratulate the Alberta athletes selected for WPC Age Group National Team long-lists. These athletes are invited to participate in the June Training Centers in preparation for their summer Centralizations. We wish these athletes the best of luck. We have also invited the Training Centre athletes to participate.

## Travel Dates

All the flights are on the same dates but at different time/flights that the teams will be departing from Calgary after centralization on July 10<sup>th</sup> and return on the 15<sup>th</sup> unless you make flight changes with the agent for the return. One team will be flying into Palm Springs.

Perhaps in the coordination it would be helpful if your athlete is not returning you could send me a flight or day/time you would like to have them return and I will pass that along with the names listed on the passport. I will then connect you with the travel agent.

I will mention that AWPA has purchased these flights at the beginning of the year under group bookings so there are different conditions surrounding the contract.

This is the message from the travel agent:

*If parents want to make changes, they can email me directly to complete the changes. My hours are 8:00AM-4:00PM MST Monday to Friday. They can also connect with the airline directly, and parents will require the confirmation number and ticket number to change the flights.*

*There is the airline change fee plus any additional cost in fare to make changes. We do charge a service fee per change as well.*

## Centralization

We will be sending an update on the centralization in Calgary next week before the teams head off to California.
